**FUNDOCY Homework: Luther**

Lesson Taught on February 25, 2018

Homework Due: March 11, 2018

Young Martin Luther grew up with a picture of God as a stern, angry judge demanding perfection from an imperfect person and waiting to send him to hell. Martin had a problem. He knew he was a sinner, but he also knew God demanded perfection. How could he find peace with God?

Later in his life, Luther as an insignificant monk stood up against the powers of church and state to tell them they had it wrong. You don't need money for salvation. God's "righteousness" is a free gift given to be accepted by undeserving sinners through Christ.

The Pope and his counsels had a problem of major league proportions brought to them by a minor league player. Martin Luther was prepared to stand firm in his belief and was beginning to create a stir.

**Part I: The Lesson**

1. Martin Luther was born in Eisleben, Germany on November 10, 1483. He saw his first Bible in 1503.

Dear Lord God,

Give us your guidance that we may rightly understand your word, and more than that, do it. O most blessed Lord Jesus Christ, see to it that our search after knowledge leads us to glorify you alone. If not, let us now know a single letter. Give only what we, poor sinners, need to glorify you. Amen.
